AI GOVERNANCE AND AUDIT NOMOS

Physical AI, smart-city digital twins and automated administrative systems do not merely observe shared environments; they alter who may move, wait, receive assistance, appeal or remain visible. Eternal Terra Ear brings critical spatial theory, artistic research, and civic audit together to examine these conditions before automated decisions harden into infrastructure.

Lectures and Discussion
6 November 2026
18:00 - 19:30

With,
Yidi Lola Wang,
Sonia Bernac,
José Antonio Magalhães

Workshop and Screening
Social Synthesis
6 November 2026
19:40 - 21:00

With
Yuliya Gaydamachenko &
